

# Coronavirus (COVID-19)

## DECONTAMINATION STATEMENT

---

In view of the Coronavirus (COVID-19) pandemic, the health and well-being of our employees, families and customers is of utmost important to us. We would like to keep our lab and employee free from any exposure or risk associated with transmission of the virus at Novamed.

Please chose one of the options and certify:

- I/We certify that the pipettes sent to Novamed on \_\_\_\_\_ for calibration have **NOT BEEN USED FOR COVID-19** testing and are free from biohazard materials.
  
- I/We certify that the pipettes sent to Novamed on \_\_\_\_\_ for calibration have **BEEN USED FOR COVID-19** testing. The pipettes are isolated for at least 7 days from last use, completely decontaminated and free from COVID-19.
